**Known as COACHKimbe, the Power Move Coach, her impact extends far beyond real estate.** With a voice rooted in strategy, truth, and transformation, she offers insight across a range of life topics that matter. Her work challenges people to think deeper, apply wisdom over impulse, and honor their own thought process while expanding it. What sets COACHKimbe apart is her ability to connect, not just through expertise, but through experience, compassion, and true understanding. She's walked the road of navigating life independently, leading with team, balancing vision with the emotions that come with real-life, relationships, family, navigating the many faces of people. Whether speaking on stage, leading workshops, or engaging in honest dialogue, her mission remains the same: to deliver real growth, real clarity, and real power moves that lead to lasting change.
